

ABDULRAHMAN SIRELKHATIM TAGALSIR ALI

Medical Graduate (MBBS) · Health Data Scientist · Organizational Leader

+249908115725 | abdulrahmanalsir4@gmail.com | [LinkedIn](#) | [Website](#)

PROFESSIONAL SUMMARY

Medical doctor and health data scientist combining 5+ years of clinical training with advanced data science skills (MIT Emerging Talent Program, IBM Data Science Professional Certificate, DeepLearning.AI Mathematics for Machine Learning). Delivered 28 complete data analysis projects for medical researchers across 10+ specialties. Built functional software including a mobile application and Windows desktop program from scratch. Led Sudan's largest medical students' association (800+ members) through war-time disruption. Seeking to apply clinical knowledge and analytical expertise to health data science research and practice.

EDUCATION

MBBS — Bachelor of Medicine and Surgery | *Sudan University of Science and Technology*

Nov 2018 – Jul 2026 | GPA 3.22/4.0

Certificate in Computer and Data Science | *MIT Emerging Talent Program*

Nov 2024 – Dec 2025

EXPERIENCE

Freelance Health Data Analyst | *Self-Employed*

October 2025 – Present | Remote

- Delivered 28 complete data analysis projects for medical researchers across 10+ specialties including oncology, psychiatry, infectious disease, and public health
- Tools: Python (pandas, NumPy, scikit-learn, SciPy), SPSS — regression modeling, survival analysis, ROC curves, visualizations
- Prepared 11 thesis defense presentations; all clients successfully defended their research

Deputy Director, Resources and Excellence Management | *Sudanese Consortium for Surgical Development*

Aug 2024 – May 2026 | Remote

- Led recruitment across 5+ hiring cycles — reviewed 80+ applicants, conducted 20-30 interviews, managed onboarding
- Defined KPIs for all organizational positions; developed annual monitoring and evaluation framework
- Built and maintained organizational website; covered Director duties during 5-week absence

President | *Sudan University Medical Students Association*

Mar – Dec 2025 | 800+ members

- Built organizational monitoring and evaluation mobile app (Flutter) and Windows certificate generation program from scratch
- Led MedXplore 2025: 7-day orientation program for 465 incoming students across all 7 academic batches
- Launched 16-session capacity building program attended by 216 members; organized landmark awards ceremony

Secretary General | *Sudan University Medical Students Association*

Feb – Dec 2023

- Established 2,800+ document digital archive from 38+ sources; reduced retrieval time from days to minutes
- Directed a 7-member executive committee as de facto president; organized 36 meetings; submitted 8 monthly reports to council
- Coordinated fundraising committee that raised 12,000,000+ SDG supporting 98+ war-affected students

FIELD EXPERIENCE

Group Head, Garri Medical Mission (Apr 2026): Led 40+ member field team serving 600–650 patients in a war-affected area.

Rural Health Trainee, Um Katti Hospital (Apr 2026): Led post-conflict health assessment of a 66,000-person catchment.

Executive Board Rep., White Nile State Medical Mission (Jan 2023): Oversaw mission operations on behalf of SUMSA executive board

TECHNICAL SKILLS

Programming and Data: Python (pandas, NumPy, scikit-learn, SciPy, statsmodels, matplotlib, seaborn), SQL, SPSS, Excel, Power BI

Tools and Platforms: Git/GitHub, Jupyter, HTML/CSS/PHP (web), Microsoft Office Suite, Google Workspace

CERTIFICATIONS

- IBM Data Science Professional Certificate (2024)
- DeepLearning.AI Mathematics for Machine Learning and Data Science (2025)
- Google Project Management Professional Certificate (2024)
- MITx Introduction to Computer Science and Programming Using Python (2025)
- Certified Exchange Facilitator, International Federation of Medical Students Associations (2022)
